Problem - Solution Fit Template

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers, and corporate innovators identify behavioral patterns and recognize what would work and why.

PROBLEM - SOLUTION FIT CANVAS

1. CUSTOMER SEGMENT(S) CS
Who is your customer?
i.e., working parents of 0 to 4 Y/O

6. CUSTOMER CONSTRAINTS CC
What constraints prevent your customer from buying, entry or implementation of solutions? i.e., spending power, budget, no credit, network connection, available space.

5. AVAILABLE SOLUTIONS AS
What solutions are available to customers when they face the problem or need to get the job done? What have they tried in the past? What price point are these solutions held? i.e., pen and paper or alternative digital alternatives.

2. JOBS-TO-BE-DONE / PROBLEMS JAP
Which essential jobs-to-be-done or problems do you address for your customers?
These are job-to-be-done and require different paths.

9. PROBLEM ROOT CAUSE RC
What is the main reason why this problem exists? What is the root cause behind the need to do the job?
i.e., customers have to do X because of the change of regulations.

7. BEHAVIOUR BE
What does your customer do to address the problem and get the job done? Is directly related to the right root cause; calculate usage and benefits currently associated; customers spend free time on accounting work (i.e., Direct/unpaid).

3. TRIGGERS TR
When triggers customer is met? i.e., seeing their neighbors traveling, holiday periods, reading about a more efficient service in the news.

10. YOUR SOLUTION SL
If you are working on an existing business, write down your current solution/offer; fill in the canvas, and create "how-might-we"s to solve.
If you are working on a new business proposition, then keep it blank until you fill in the canvas and come up with a solution that fits within customer constraints, solves a problem and matches customer behavior.

8. CHANNELS OF BEHAVIOUR CH
8.1 ONLINE: What kind of actions do customers take online? Groups, online payment, item searching.
8.2 OFFLINE: What kind of actions do customers take offline? Contact offline channels tree ET and get list for customer development.

4. EMOTIONS: BEFORE / AFTER EM
How do customers feel when they have a problem or a job and afterwards?
i.e., wish: frustrated > confident, to perform - use it to guide communication strategy & design.

PURPOSE

- Solve complex problems in a way that fits the state of your customers.
- Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- Sharpen your communication and marketing strategy with the right triggers and messaging.
- Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- Understand the existing situation in order to improve it for your target group.
